**(Customer is required to initial the Construction Meter Inspection form
acknowledging the overall condition of the meter)**

STATEMENT OF RESPONSIBILITY

The above fire hydrant meter is my responsibility and I will pay any damage(s) incurred.

I understand that the hydrant must be fully opened, and I must use the fire hydrant spanner wrench that I am required to check out with the meter. I will not use a pipe wrench on a fire hydrant operating nut. I am to control the flow of water by the gate valve on the meter, not the fire hydrant valve, and the meter must be attached to the fire hydrant with a minimum of a double detector check valve. _____ (Initials)*

I will contact Hesperia Water District by email: utbilling@hesperiaca.gov or by fax: (760) 947-1218 **by the 20th of each month for a meter reading. I understand a picture of the meter number located on the register lid AND a picture of the actual read on the register is REQUIRED; reads will not be accepted without a CLEAR picture of the lid and register.** If I do not comply with this requirement, I understand that the billing will be estimated and my meter may be confiscated with the deposit forfeited. I understand that estimated bills are subject to a \$63.00 Recalculation Fee.

_____ (Initials)*

I will call Hesperia Water District and inform them when I change draw points. _____ (Initials)*

It is my responsibility to ensure I am drawing from a hydrant within Hesperia city limits and not from a neighboring city or from San Bernardino County Water limits. I understand unlawfully drawing water outside Hesperia city limits will result in fines and/or confiscation of the hydrant meter.

_____ (Initials)*

The meter must be secured at all times. If the meter is lost or stolen, it is my responsibility to file a police report and contact Hesperia Water District promptly. A new meter will not be issued until I provide Hesperia Water District with a police report number, along with applicable fees and deposits.

_____ (Initials)*

By signing this permit, I agree to abide by the rules set forth by Hesperia Water District and I understand that failure to follow these rules could result in confiscation of the hydrant meter and/or forfeiture of deposit.

*Signed: _____
